MARCH
(1917)

FULL  SCORE

AS PERFORMED BY

“THE PRESIDENT’S OWN” UNITED STATES MARINE BAND

March, “Wisconsin Forward Forever” (1917)

Sousa crossed out the title “Solid Men to the Front” on his manuscript of this march and substituted the present title. It may originally have been intended to salute Wisconsin’s contribution to the war effort, because in press reports it was also referred to as “Wisconsin to the Front” and “Wisconsin at the Front.” “Forward” apparently took precedence as a title word, because that was the Wisconsin state motto.

Words to the march were written by the poet Berton Braley, a member of the University of Wisconsin’s class of 1905, and the march was dedicated to the faculty, students, and alumni of the university. Maxson F. Juddell, a senior at the university, was responsible for the march’s promotion, and he persuaded the celebrated artist Howard Chandler Christy to do the artwork for the frontispiece of the sheet music.

Editorial Notes

Throughout Sousa’s career as a conductor, he often altered the performance of his marches in specific ways without marking or changing the printed music. These alterations were designed for concert performances and included varying dynamics and omitting certain instruments on repeated strains to expand the range of the musical textures, as well as adding unscripted percussion accents for dramatic emphasis at key points in the music. Although Sousa never documented his performance techniques himself, several players who worked extensively with Sousa provided directions for his frequently performed marches, most notably from cornetist Frank Simon. Many of the marches in this volume of “The Complete Marches of John Philip Sousa” were staples in Sousa’s regular concert repertoire and were included in the “[Encore Books](https://www.marineband.marines.mil/About/Library-and-Archives/Encore-Books/)” used by the Sousa Band, which can be found online at <https://www.marineband.marines.mil/About/Library-and-Archives/Encore-Books/>. A complete set of his Encore Books resides in the U.S. Marine Band Library and Archives and are referenced extensively by the Marine Band not only as a guide for some of Sousa’s special performance practice, but also to ascertain the exact instrumentation he employed in his own performances of his marches.

“The Complete Marches of John Philip Sousa” appears in chronological order and is based on some of the earliest known sources for each composition. These newly edited full scores correct many mistakes and inconsistencies found in the parts of early publications; however, all of the other expressive markings and the original scoring are largely preserved. Where instruments are added to the original published orchestration, it is guided by the additional parts Sousa sanctioned in his Encore Books where applicable or based on these typical doublings. Additionally, the alterations traditionally employed by the United States Marine Band in performance are incorporated throughout; either those specifically documented by Sousa’s musicians or changes modeled on the customary practices of “The March King” in his own performances.

The musical decisions included in these editions were influenced by the work of several outstanding Sousa scholars combined with many decades of Marine Band performance tradition. These editions would not be possible without the exceptional contributions to the study of Sousa’s marches by Captain Frank Byrne (USMC, ret.), Jonathan Elkus, Colonel Timothy Foley (USMC, ret.), Loras Schissel, Dr. Patrick Warfield, and “The March King’s” brilliant biographer, Paul Bierley.

Performance practices that deviate from the original printed indications are described below and appear in [brackets] in the score. There are many instances in which these alterations appear side-by-side with the original markings in this edition in an effort to clearly document where and how these deviations occur. An open diamond marked with an accent in the cymbal part indicates that the cymbal player should let that accent ring for an additional beat before rejoining the bass drum part.

Introduction (m. 1-4): The first six quarter notes are capped and should be short and heavily accented. Although the rest of the introduction is only marked staccato, those notes should still be played at a strong *fortissimo*, with the cymbal crash choked before the first strain.

First Strain (m. 4-21): The dynamic immediately drops to *mezzo-forte* with quick crescendos to *forte* two times as indicated when the line moves upwards. The latter half of the strain returns to the *fortissimo* and heavy capped accents, as in the introduction. An added percussion accent occurs in m. 16 to break up the middle of this phrase. Take care to play

the accented notes in the first ending in cornets and horns without any diminuendo, so that the *subito mezzo-forte* pick-up into the repeat is obvious. The repeat of the strain is played exactly the same.

Second Strain (m. 21-38): Because of the orchestration of this strain, beginning with low brass, there are typically no instrumental or dynamic alterations here. That said, the low brass should only play *forte* to begin this strain, to allow room for the *fortissimo* beginning in m. 30. The notes in this entire strain are either marked staccato or capped, and everything should be played short and somewhat marcato. The offbeat accents in the snare drum are particularly important in m. 33 and 36.

Trio (m. 38-70): After two loud and vigorous strains, the *subito piano* at the beginning of the trio is particularly effective. Piccolo, E-flat clarinet, cornets, and cymbals are tacet, but trombones may play softly to provide the harmonic bed. The long melody of this trio should be played softly but expressively and with good sustain. Bells are added to the melody here as well. The crescendo to *mezzo-forte* beginning in m. 59 is important, and the *sf* notes in m. 66 and 67 should be clearly heard before the added decrescendo brings the dynamic back to *piano* at the end of the phrase.

Break Strain (m. 70-86): All instruments are back in starting with the pick-up half note in m. 70 and at a sudden *forte* dynamic. This is a relatively gentle break strain compared to many other Sousa marches and should not be played too aggressively. The capped notes in the high brass should be accented and slightly shortened, but the dotted quarters on the downbeats of the trombone parts should be sustained full value, with the snare drum rolls played at a similar length. The last four measures are played louder at *fortissimo* before a sudden quick diminuendo on the half note in m. 86 the first time.

Final Strain (m. 86-120): The last strain is traditionally played *piano* the first time through. Normally, most of the brass would also tacet here, but since Sousa assigned the obbligato material to the entire upper woodwind section, first and second cornets should play the melody along with the euphonium. Piccolo, E-flat clarinet, trombones, and cymbals should tacet first time. Horns have an interesting figure at m. 101 and should bring that out both times with an accent as indicated. All instruments are back in on beat two of m. 118. The break strain is played as before and the final strain played *fortississimo* including the indicated added accents in percussion in m. 102, 109-111, 114, and 115.

This musical score page contains measures 47 through 54 of the piece "Wisconsin Forward Forever". The instrumentation includes Piccolo, Flute, Oboes (1st & 2nd), Eb Clarinet, Clarinets (1st & 2nd & 3rd), Bass Clarinet, Bassoons (1st & 2nd), Alto Saxophone (also Alto Clarinet), Tenor Saxophone, Baritone Saxophone, Solo Bb Cor, 1st Bb Cor, 2nd & 3rd Bb Cors, 1st & 2nd Horns, 3rd & 4th Horns, Baritone, 1st & 2nd Trumpets, B Trumpet, Tuba, and Drums/Bells. The score is written in 2/4 time with a key signature of three flats (Bb, Eb, Ab). Measures 47-51 show various melodic and harmonic developments across the woodwinds and brass. Measure 52 features a prominent brass fanfare with a key signature change to two flats (Bb, Eb). Measures 53 and 54 continue the brass fanfare and provide a rhythmic foundation for the drums and bells.
