

OUR HISTORY

Established by an Act of Congress in 1798, the United States Marine Band is America's oldest continuously active professional musical organization. Its mission is unique—to provide music for the President of the United States and the Commandant of the Marine Corps. The Marine Band is celebrated for its role at the White House and its dynamic public performances, which total more than 500 annually. As the only musical organization with its unique mission, the Marine Band looks to the future, viewing its history and tradition as the foundation upon which to build its third century of bringing music to the White House and to the American people.
